Due to the technical aspects of Sublimation and Heat Transfer, we will do our best to match your requested imprint colors and fine art details as closely as possible, but cannot guarantee a 100% perfect match.

For sublimation orders, there will be variances in design placement and a small percentage of print imperfections. These imperfections may include small blemishes, white marks and colored lint.

The visibility and clarity of very small text/graphic elements in relation to how it is digitally shown cannot be guaranteed due to the nature of the product’s textured surface and under the normal limitations of sublimation.
