Imprint Size: _____ Imprint Location: _____ Generation Type: _____

Product Code: **5075-25** Product Color: _____ Quantity: _____

The PCB manufacturer and substrate supplier are not responsible to verify your requested imprint colors and the substrate supplier is not responsible for color reproduction. PCB color will vary.

The substrate color may vary between different batches and processing/print operations. Color reproduction, prints and finishes will vary with each operation.

The quality and clarity of any and all graphics depends on proper screening (light), base color of the substrate and the quality of the ink used with the reproduction equipment.
